SCHEDULE AND PREREQUISITES

The portion of the course that deals exclusively with rough diamonds runs six days from 9 AM to 5 PM and includes homework and additional reading. These six days may include a Saturday and Sunday.

Prerequisites: Before registering for the rough diamond grading class all participants must have completed EGM's **Facetted Diamond Grading Workshop**.

Whether dealing with rough or faceted diamonds the value depends on the same criteria: carat, clarity, colour, and cut (in faceted diamonds it is the quality of the cut and in rough diamonds it is the shape). It is important to have a solid understanding of these criteria as you start to grade rough.

The Faceted Diamond Grading Workshop is a two-day course (usually offered on a weekend) offered regularly at EGM and must be taken prior to starting the Rough Diamond Grading Course.
